

CITES news - Prague airport

Czech Environmental Inspectorate

10 geckos *Uroplatus phantascticus* (CITES II/B) were discovered by CEI during regular check of the shipment of reptiles coming from Madagascar to Czech republic on 2nd February 2007. 8 were found alive, 2 dead. Geckos were not listed in any shipment documentation, there were no CITES permits included. Recipient of the shipment - Czech reptile trader declared that it was an unexpected unordered gift from the seller. Shipment went from Antananarivo to Johannesburg, Frankfurt and Prague. Geckos were confiscated, Czech trader will be fined.
