Czech Environmental Inspectorate

3.7.2009 – Customs officers and CEI inspectors checked one consignment at the post office warehouse in Prague and seized 21 hybrids of *Astrophytum myriostigma* (CITES II/B) which had been shipped from China to the Czech Republic. None of CITES permits were attached to the consignment, only a phytosanitary certificate from China. The number of illegal imports of *Cactaceae* via postal services is growing, we recommend paying attention to such shipments.
